4. **Coordinated Entry/Coordinated Assessment** - A process to assess the needs of homeless persons and to direct them to a particular housing solution in the community – Permanent Supportive Housing, Rapid Rehousing, or to determine if they only need minimal assistance to divert them from homeless shelters. In Austin, the Coordinated Assessment is governed by the Coordinated Entry Written Standards adopted by the Continuum of Care Board, the Leadership Council. Individuals experiencing homelessness can complete an assessment at walk-in centers and by phone by qualified staff located throughout the community.
 5. **Emergency Shelter**- a facility that provides temporary or transitional shelter for persons who are experiencing homelessness through providing bunks, mats, or private rooms. Services include eviction prevention, financial assistance, increasing income, connecting to mainstream benefits, and case management.
 10. **Housing First** - Housing first is a philosophy that homelessness can be most efficiently ended by providing someone with access to safe, decent, and affordable housing. Although an individual experiencing homelessness may benefit from supportive services such as mental health or substance abuse counseling, participation in these services is not a prerequisite to access housing or a condition of maintaining it. In fact, the stability that a housing unit provides bolsters a tenant’s ability to participate

in these services. The National Alliance to End Homelessness has developed the following Housing First principles:

- Homelessness is foremost a housing problem and should be treated as such
 - Permanent housing is a right to which all are entitled
 - People should be returned to or stabilized in permanent housing as quickly as possible and connected to necessary resources to sustain housing
 - Issues that may have contributed to a household's homelessness can best be addressed once they are permanently housed
11. **Housing Focused Shelter** - Shelter programs which provide a path to housing, uniquely tailored to each participant's situation. Services delivery and available resources are primarily oriented towards assisting participants with exit the shelter quickly to permanent housing destinations, independently or supported by a formal housing program. period.
 12. **Housing Navigation** - services to assist households experiencing homelessness in identifying, removing barriers to, and obtaining permanent housing solutions. Services usually do not last beyond housing move-in.
 13. **Landlord Outreach** – Services that establish relationships with property owners and acts as an intermediary, providing support and conflict resolution assistance to ensure ongoing positive relationships in order to connect individuals experiencing homelessness with units. Establishing good relationships with landlords can have many benefits, including landlords holding open apartments, waiving certain fees, or agreeing to lock-in rental payments for good tenants.
 14. **Low Barrier Shelter** – crisis lodging which actively reduces or eliminates barriers to accessing and maintaining shelter services, such as requirements around income, criminal background, sobriety, pets, household members, storing belongings, or stringent behavioral expectations. Rules regarding access and safety of participants and staff are designed collaboratively with participants, and participants are able to access shelter resources at times most convenient to their situation.
 15. **Motivational Interviewing** - MI is a collaborative, person-centered approach to elicit and strengthen motivation to change. MI is rooted in an understanding of how hard it is to change learned behaviors, many of which have been essential to survival on the streets.
 16. **Permanent Housing** - housing that is not time limited, usually with a lease, and may include market rate apartments or those with permanent assistance or vouchers through a Housing Authority or permanent supportive housing program. It may also include living with family or housing where a client has time-limited rental assistance (through Rapid Rehousing, for example), but where the client has the option of transitioning in place to market rate rent or affordable rental rates.
 17. **Permanent Supportive Housing** - housing for homeless individuals that combines non-time limited affordable housing assistance with voluntary support services to address the needs of persons with complex mental or physical health, addictions, or cognitive challenges. The services are designed to build independent living and tenancy skills and connect people with healthcare, substance use treatment and employment services. In addition to ending a person's homelessness and increasing

their housing stability, Permanent Supportive Housing has been shown to improve health and wellbeing.

18. **Progressive Engagement** - Progressive engagement is a person-centered approach to ending someone’s homelessness. It is based on tailoring assistance to each individual or household’s needs and assessing what works best for them, with their specific strengths, and in their specific situation. Progressive engagement starts small by helping people with their immediate needs, in order to stay housed.
19. **Rapid Exit**- Rapid exit strategies are appropriate after a household has entered emergency shelter or stayed in an unsheltered setting and serves to help them move as quickly as possible back into housing with the support of services and a minimal level of financial assistance.
20. **Rapid Rehousing** - services that quickly connect persons to permanent housing by addressing their immediate barriers to permanent housing with housing location, financial assistance, and housing stability case management. Supportive services and rental assistance are provided after the household attains housing to assist the participant with assuming full rental responsibility for the unit as quickly as possible while maximizing housing stability.
21. **Shelter Diversion** -services to assist a person in finding other safe and appropriate housing options than shelter. Regarding shelters serving those fleeing domestic violence, using diversion tactics should also include safety planning; and in many cases shelter diversion is not a safe option, and should only be used if there are options that are safe and free from risk of potential violence. Diversion staff have creative and problem-solving conversations that help to identify whether individuals are fleeing an unsafe situation, have better alternative housing options, or need help to stay in the place where they have recently been staying to determine if there are any other safe housing resources available than shelter. Referrals to other shelters or transitional housing, housing financial assistance, rapid rehousing, hotel vouchers, and other housing interventions could be utilized.

K. PROPOSAL EVALUATION

2. **Minimum Responsiveness:** Proposals are Minimally Responsive when they include all of the Submittals listed in this Solicitation, completed and with sufficient detail in each to evaluate the Proposal in accordance with the Solicitation's Instructions. Proposals that are not Minimally Responsive may be deemed non-responsive and rejected.

4. **Clarifications:** Any time after the opening of Proposals, the City may contact Offerors to ask questions about their Proposal's contents in order to better understand these contents as written. Responses to clarification questions, whether done verbally or submitted in writing, do not change the Proposal's contents. Clarifications are not to be confused with Discussions as described herein.
5. **Evaluation:** Proposals that are Minimally Responsive will be evaluated based on the Evaluation Factors listed in Section 9 below on the Proposal Evaluation. The City's evaluation may be made without Clarifications or Discussions with Offerors. Proposals should, therefore, include the Offeror's most favorable terms.
6. **Discussions and Proposal Revisions:** After completing initial evaluations, the City may enter into Discussions (communications which may include negotiations and feedback about the Proposal submitted) with one or more Offerors submitting the highest rated Proposal(s). Following the completion of Discussions, the City may request Proposal revisions from these Offerors. If the AD of Administrative Services determines that the grounds are insufficient, the City will notify you of that decision in writing.
- (7) The protest hearing is informal and is not subject to the Open Meetings Act. The purpose of the hearing is to give you a chance to present your case, it is not an adversarial proceeding. Those who may attend from the City are representatives from the department that requested the purchase, the Department of Law, Austin Public Health staff, the Purchasing Office, and other appropriate City staff. - (9) The City will send you a copy of the hearing decision after the appropriate City staff has reviewed the decision.

(10) When a protest is filed, the City usually will not make an award until a decision on the protest is made. However, the City will not delay an award if the City Manager or the APH Director determines that the City urgently requires the supplies or Services to be purchased, or failure to make an award promptly will unduly delay delivery or performance.
