## Vision

The **vision** is to empower Austin's diverse communities through cultural understanding and life-enhancing opportunities.

## Master Plan Values Statements

*These statements are not final. We hope to seek your feedback. They are not intended to create a new mission or vision for the AARC, but rather guide the master planning process and advance the mission and vision.*

- Future plans should advance the mission and vision of the center as a cultural and life-enhancing space.
- To cultivate cross cultural Asian American experiences.
- To create opportunities for intergenerational experiences both indoors and outdoors.
- The space should be flexible; capable of supporting a wide range of programming with a priority for cultural arts and active life activities.
- Design should reflect Asian American identities.
- New development must meet the present and future needs of staff (offices, storage, meeting space).
- Acknowledge and incorporate previous planning processes to the maximum extent possible.
- Use sustainable planning practices to take full advantage of current and future resources and funding.
