## Watershed Protection Development Review

Watershed Protection & Development Review Department, The City of Austin produced this map for the sole purpose of use as a work resource and as an estimated boundary of landfills in & around Austin. The City of Austin does not warrant the map &/or information regarding its accuracy or completeness. Reproduction is not permitted without permission from the City of Austin-Watershed Protection & Development Review Department.

Date: 09.20.2006

### 3.24 #28,WHISENHUT

Location: The Whisenhut landfill is owned by a private entity, and is located southeast Austin, at 8922 Lane.

Extent: No information available

Prior Use: The URM report indicates that municipal, industrial, as well as inert wastes were received at the site. A survey of closed landfills performed by the Texas Water Commission in 1992 notes that “white goods” were also received, and that the site was not covered, and there was possible contamination of the groundwater.

Current Conditions: May pose a current or future material concern to human health or the environment, based on the following factors:

- proximity of structures adjacent to and possibly over the landfill,
- unauthorized interment of potentially hazardous materials,
- reported lack of adequate cover,
- presence of shallow groundwater.

Reference: Information in this fact sheet comes from the following:

1. Geomatrix Consultants. November 2004. *2004 Supplemental Assessment to Landfills in the Vicinity of Austin, TX*. Prepared for City of Austin Public Works Department.
2. Underground Resource Management, Inc. November 1984. *Landfills in the Vicinity of Austin, TX*. Prepared for the City of Austin.
